Clean Language is an approach to soliciting information and facilitating discussion that recognises this central role of metaphors, helps us spot metaphors in other people's thoughts and our own ideas and makes those connections explicit. The premise of Clean Language is that such conscious analysis of metaphors helps understand other people better.

Clean Language Revealing Metaphors And Opening Minds [EPUB]

In their excellent book, Clean Language: Revealing Metaphors and Opening Minds, Wendy Sullivan and Judy Rees give an in-depth yet highly accessible route-map for understanding the metaphorical nature of human perception, and for developing powerful skills for working in the domain of personal metaphor. While I expected the subject to be covered in masterful detail, what I didn't anticipate was such a cogent and useful introduction to the role

Clean Language Revealing Metaphors And Opening Minds [EPUB]

Clean language is a technique primarily used in counseling, psychotherapy and coaching but now also used in education, business, organisational change and health. It has been applied as a research interview technique called clean language interviewing. Clean language aims to support clients in discovering and developing their own symbols and metaphors, rather than the therapist/coach/interviewer suggesting or contributing their own framing of a topic. In other words, instead of "supporting" the
