This pacing guide is roughly what I used while teaching 4th grade math to my students in central Texas. I determined how much time to spend on each topic based on the number of readiness TEKS (yes it is TEKS based) covered. I worked backward to create this plan in order to finish up every topic before the big test with time to review.

Pacing Guide for 4th Grade Math. The fourth-grade math curriculum was designed to be implemented over the course of a single school year. It includes eight units of study over 155 instructional days (including days for lessons, flex days, and unit assessments). We intentionally did not account for all 180 instructional days in order for teachers to fit in additional review or extension, teacher-created assessments, and school-based events.
