to gain critical and applied thinking skills that are especially important in today's competitive environment.

To be a successful manager, you need to understand how foundational managerial accounting concepts apply to the business world. Managerial Accounting, 7th edition helps students make direct connections between the classroom and the boardroom by presenting robust cases and managers' comments on real company issues. Known for its "You Get What You Measure" framework, this edition presents an updated focus on building students' decision-making and critical thinking skills through incremental analysis and data analytics coverage. Appropriate for both introductory and MBA Managerial Accounting courses, Managerial Accounting, 7th edition helps prepares students for their role as future leaders.

**Market\_Desc:** This book is intended for the first semester Managerial Accounting course that all business majors must take. This text is better suited for its audience because it is briefer and more focused on what students need to be future managers, not future accountants. **Special Features:** · The text is current, concise, and clearly written, with cases at the end of each chapter to illustrate the material. An interactive CD lets students test and expand their understanding with multiple-choice questions, key term matching exercises, demonstrations of various concepts and techniques, critical thinking exercise, interactive cases, and videos. A dynamic Web site provides test study guides, exercises, games, web testing, relevant articles, from The Wall Street Journal and other sources linked to the text, links to relevant web sites, additional

academic research in an accessible form. This book collates and reviews, in a manner designed to be both accessible and comprehensible to the interested reader, the extensive body of academic literature which has been developed since the 1980s. In addition, it provides a perspective on human resource management issues, practices and problems based in part on interviews with senior personnel. Most suitable for scholars and practitioners of business and management, social policy/sociology and economics.
