You were created to be God's agent of blessing to your children Blessing is a custom established by God and is meant to function in every family. In fact, there are seven critical times in each of our lives when God wants to give us a powerful message of identity and destiny. In The Power of a Parent's Blessing Craig Hill explains each of these times, answering key questions such as: · What is the key identity question to be answered in your child's heart? · When is the appropriate time to bless? · What are potential consequences of not blessing? · What is the role of each parent in blessing at this specific time? · What are practical tools to use in blessing? It is never too late to start your children on the road to fulfilling their destinies. Whether you are a parent, grandparent, or step-parent, these powerful blessings will help the children in your life to prosper.

Patrick Dyer's ninth book in the 'at work' series marks a return to Scania to study the 3-series trucks produced between 1988 and 1996, with the emphasis on the 113 and 143 models. In much the same way as these trucks evolved from the previous 2-series and LB (1-series) so too does the book, taking the story forward from the previous titles covering those ranges. For Scania, masters of the modular system and evolutionary engineering processes, the 3-series represented the pinnacle of development for designs born decades earlier. Industry recognition of its achievement came early with the range being awarded the Truck of the Year title in 1989. With over 200 photographs provided by the manufacturer and enthusiasts, Scania 113 & 143 at Work charts the story of the 3-series through informative text in the popular and familiar style of previous 'at work' titles from the same author.
