Bamboo is naturally durable, but you can make it stand up to the elements even better if you treat it with a sealant before installing it outside. This is an especially easy project if you purchase bamboo borders. This border comes pre-assembled with short, asymmetrical poles that are capped and attached to each other with heavy-duty galvanized ...

One of the most common bamboo crafts is probably basket making. This is certainly popular in Japan with different styles, types, and designs according to area as well as skill. For example, Samurai warriors were reportedly the first to make the Suruga baskets (originally from Shimizu) with a combination of round bamboos for the sides and woven flat/split canes for the bottoms and lids.
