and Lemon Posset with a Blueberry Compote and Warm Vanilla Beignets. Philip Howard's incredible second volume features a full repertoire of sweet recipes, each accompanied by the beautiful photography of Jean Cazals. A must-have book for all chefs, but a great book for keen amateurs and serious foodies alike.

There are some books we publish which, from the outset, you know are going to be special. This was true of this exciting book from Philip Howard: a collection of recipes from his restaurant, The Square. We knew we wouldn't be able to do the recipes justice in one volume, so it became two - a first volume, Savoury, followed by Sweet. We knew we couldn't limit it to the conventional two pages per recipe and food photo, so they each became either 4 or 6 pages. We knew we couldn't illustrate anything less than every one of those recipes, so one of the world's finest food photographers, Jean Cazals, did just that. And yet these measures are only a small part of why this book is so special. It is special because it represents a collection of recipes from 21 years of one of the country's finest and most consistently fine restaurants. Special because the chef who has been at the helm of that restaurant for all of those years is recognised as one of the very best of his generation. But most of all, it is special because that chef has that rare ability to translate a genius in the restaurant kitchen into the words of a book. This was evident from the day we received the first written recipe, and, with it, Phil's fiercely intelligent vision for how the book - and every recipe within it - should be structured. It is also manifest in the dozen or so essays that weave throughout, that show a profound consideration and passion for every aspect of his craft and industry. This is a landmark publication and has become a must-have book for every chef and for every serious foodie. It can't fail to impress and inspire anyone with a desire for cooking and a thirst for food knowledge. It is nothing less than an incredible achievement and a book of truly unbounded culinary
